

**Grade “B” Pressure Welder’s and Tack Welder’s  
Certificate of Competency Wallet Cards**

Effective October 31, 2018, ABSA has begun issuing Grade “B” Pressure Welder’s and Tack Welder’s Certificate of Competency wallet cards in a new format. In the past, ABSA had issued (laminated) paper Certificate of Competency wallet cards that, if subjected to heavy use, would sometimes become damaged, faded and unreadable. ABSA sought a solution to provide certificate holders with a more durable option. As a result, Certificate of Competency wallet cards will now be printed on plastic PVC cards to ensure their longevity.

Existing certificate holders have the option of requesting a duplicate copy of their certificate wallet card, printed on plastic, by completing the [AB-77 Declaration Application for Duplicate Certificate or P.Q. Card](#) form (a \$59.00 processing fee is applicable).
