INTEGRITY ASSESSMENT ORGANIZATION AUTHORIZED SCOPE OF ACTIVITIES

AB-515a 2022-09

AQP - (For new companies this number will be assigned by ABSA upon certification)

Notes for the completion of this form:

1. The certificate holder is responsible for keeping this Form current and will notify ABSA within 30 days of any change.
2. Changes to this form can be submitted to ABSA at cap@absa.ca
3. An AB-29 form must accompany a revised AB-515a when a revised Certificate of Authorization Permit will result from change.
4. Technical Manager (however named) shall hold an equivalent or greater than Alberta In-Service Pressure Equipment Inspector Certificate of Competency required for the type of pressure equipment being assessed.
5. Procedures, plans and strategies shall be available and representative of all Industries and pressure equipment selected.
6. If more space is required, please use supplement sheet.
7. The lesser of Owner-User repair scopes as identified in their AB-512a and this AB-515a will be permitted.
8. The Integrity Assessment Organization is not permitted to certify repairs for Non-Owner Users.
9. Only list repair scope that would result in the need for an AB-40 (i.e. no piping repair)
