RESCINDING VARIANCE VA03-005

Variance VA03-005 (IB03-004) on Section 20(1) of the Power Engineers Regulation (AR 85/2003) is rescinded effective immediately.

Background

Variance VA03-005 issued April 25, 2003 does not provide approximately equivalent or greater safety as provided for under the Regulation and therefore, is invalid.

The Power Engineers Regulation (AR 85/2003) replaces the Engineers' Regulations (AR 319/75 with amendments up to and including AR 51/98) effective May 01, 2003. The Variance was mistakenly issued to allow for similar provisions previously existed in the Engineers' Regulations.
