

Information Bulletin No. IB21-001

March 16, 2021

Reference Syllabus for Welding Examiner and Welding Examiner in Training

As provided for under Sections 15(2) and 15.1(1)(a) of the *Pressure Welders Regulation*, the Safety Codes Council has revised the Welding Examiner Syllabus. The revised syllabus is published as ABSA document AB-94, Reference Syllabus for Welding Examiner and Welding Examiner in Training, Edition 2, Revision 1. This information bulletin supersedes IB16-009 which has been withdrawn.

Welding examiner certification candidates are required to write examinations under the revised syllabus, AB-94, Edition 2, Revision 1. The syllabus has been updated to state that the codes and standards referenced in the syllabus will be the edition in-force at the time of the examination.

The syllabus is available on our website at www.absa.ca.
