

Information Bulletin No. IB23-003

February 23, 2023

INTERPRETATION
Requirements for Reduced Supervision
In accordance with the
Power Engineers Regulation (AR85/2003)

This information Bulletin replaces IB22-004 which has been withdrawn.

This information Bulletin establishes that ABSA document AB-528 *Requirements for Reduced Supervision of Power Plants, Thermal Liquid Heating Systems, and Heating Plants*, Edition 4, Revision 1, issued on, February 23, 2023, specifies the technical and supervision requirements that must be met by an owner to operate a power plant, thermal liquid heating system, or heating plant with reduced supervision as permitted respectively under Sections 2.1, 3.1 and 4.1 of the *Power Engineers Regulation*.

Background

“Reduced supervision” was introduced with the 2013 amendments to the *Power Engineers Regulation*. The owner may choose to operate a plant with reduced supervision, provided the plant is operated in compliance with both the Power Engineers Regulation and the requirements specified in the AB-528 document.

This edition of AB-528 includes some minor editorial revisions.
